Grand Marais, MN • **Phone:** 218-979-2066 • **Email:** reed@meherdevs.com

**Github:** <https://github.com/archonology> • **LinkedIn:** <https://www.linkedin.com/in/reed-meher>

**Portfolio:** <https://www.meherdevs.com>

## SUMMARY:

Junior Full Stack Web Developer who implements advanced editorial skills and creative problem solving to develop well-built user-friendly applications. Recognized by employers and clients for kindness, humor, leadership, quality of work, diligence, and getting things done with integrity.

## LANGUAGES:

JAVASCRIPT, CSS3, HTML5

**TECHNOLOGIES:** ReactJS, ExpressJS, Mongoose, MongoDB, NodeJS, GraphQL, Apollo Server, Material UI, Bootstrap, Git, Webpack, Jest, NoSQL, MySQL2, WebAPIs, Chrome DevTools, Heroku, & Handlebars.

**Other Skills:** Adobe Creative Suites, working and coding on teams remotely(+2 years), Microsoft Office Suites & Teams, MacOS iWork, Github, Slack, Wordpress, and Zoom.

## HIGHLIGHT PROJECTS:

**Prima Materia** • December 2022

**Summary:** A deck building application that allows users to search a card database, add to a wishlist, and create customized card decks. Created by a team of four web developers. **My Role:** Envisioned UI and site framework and guided application outcomes; created API search functionality and assisted on backend and frontend components; assisted in MUI research and implementation, debugging, and refining finished application for functionality across screen sizes.

**Tech Implemented :** MERN stack, GraphQL, ApolloServer, Material UI, React-Spring, and a public MtG API.

**Repo :** <https://github.com/archonology/Prima-Materia> • **Deployed :** <https://prima-materia-84.herokuapp.com/>

**Home Party** • October 2022

**Summary:** a real estate tracking application that creates a space for users to track, share homes with friends and family, and add lists of things they would like to have in those homes. Created by a team of three developers. **My Role:** Project Manager. Built front and back end components, login, UI/UX, style, and debugging. Researched and implemented a new library, NodeMailer.js.

**Tech Implemented :** RESTful practices, MySQL2, Bootstrap, Sequelize, Express, Handlebars, Nodemailer.js.

**Repo :** <https://github.com/archonology/Home-Party> • **Deployed :** <https://home-party-app.herokuapp.com/>

## WORK EXPERIENCE:

**Family Services Case Manager** • Cook County Public Health & Human Services • June 2017 - July 2022

**Summary:** Utilized communication, critical thinking, and management skills to respond to child maltreatment reports. Led investigations, case plans, and court cases. Interfaced and collaborated across systems to monitor, support, and ensure the success for families and children.

- Modernized child welfare response and practices through meticulous research, continuous training and relationship building with agencies, management staff, clients, and service providers.
- Orchestrated and developed agency procedures with tribes, attorneys, and a multi-disciplinary team that led to a 95% decrease in out of home placements and a 95% increase in reunification ahead of deadlines and trials.
- Recognized for excellence in compassion, industriousness, and exceeding expectations for documentation and meeting state deadlines and safety response timelines.

**Marketing Manager** • Cook County Whole Foods Co-op • February 2015 - June 2017

**Summary:** Spearheaded advertising, print-media, event planning, business-relations, branding, and graphic design for a food co-op. Managed shifts of 10-12 employees after being recognized for skills in leadership, critical-thinking, and communication. Hosted classes and utilized advanced organizational and problem solving skills to create quarterly periodicals and advertising campaigns via Adobe CS and web platforms to deepen the company's legacy and attract 'owners' to join the cooperative.

- Reinvented and sharpened social media presence, marketing techniques and outreach methods, which helped lead to a 60% increase in yearly profits.
- Spearheaded the creation of a modern company website and directed its creation and content.
- Increased brand awareness/quality, which led to a 60% increase in company ownerships over two years.

**EDUCATION:**

**Boot Camp Certificate in Full-Stack Flex Coding**

University of Minnesota, Minneapolis • June 2022 - December 2022 • **GPA:** 4.0+

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, NoSQL, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS (MERN stack and RESTful practices).

**BFA in Literature & Minor in Studio Art:** University of Minnesota, Morris • August 2004 - June 2008 • **GPA:** 3.73

**In Progress:** Python, AWS, C#, and Java foundations training from edEx/U of MN, Minneapolis. **Upcoming:** Computer Science certificate CS50 from Harvard, AWS certification, and TypeScript foundations.

**INVOLVEMENT & INTERESTS:**

Javascript30.com, JavaScriptMN(Meetup coding group), Front End Happy Hour(podcast), cooking, art, gaming, and music.
