EDUCATION
Full Stack Web Development Certificate | University of Minnesota | 2022 | GPA: 4.0
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, NoSQL, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS (MERN and RESTFul practices). Pushed out over 17 successful development projects on coding teams with Agile practices, or via solo development. Participated weekly in peer code reviews.

HIGHLIGHT PROJECTS & EXPERIENCE
FULL STACK DEVELOPER for The Child Welfare Portal | https://www.childwelfareportal.org
Repository: https://github.com/archonology/CW-Portal • 1/2023 - Present
○ GOAL: Build and ship an invaluable and durable resource hub for child welfare workers in Minnesota. Utilized JavaScript, Node.js, Express, Apollo, React, MongoDB, and Mongoose.
○ ROLE: Designed and executed front and back end engineering, implemented source control on Git, and continuous deployment of updates, bug fixes, and new features.
○ RESULT: Delivered prompt, bug-free application that exceeded client expectations.

FULL STACK DEVELOPER for Prima Materia | https://prima-materia-84.herokuapp.com
Repository: https://github.com/archonology/Prima-Materia • Dec 2022
○ GOAL: To Collaboratively design, build, and ship a deck-building and card research application with JavaScript, Node.js, Express, Apollo, React, Git, and GraphQL.
○ ROLE: Blueprinted the front and back end engineering, researched and constructed the fetch API components, debugged, customized stock Material UI components, communicated and problem solved with team mates in an Agile environment via Git and GitHub source control.
○ RESULT: Shipped a fully functional product on time that exceeded all development goals.

CASE MANAGER for Cook County | Grand Marais, MN | 6/2017 - 7/2022
○ Led and operated on small and large multidisciplinary teams to assess and solve problems through empathy, complex communication, coordination, and meticulous documentation resulting in efficient case resolutions and satisfied clients.
○ Generated and saved the county thousands of dollars each year via skills in creative problem-solving, efficiency, grit, and commitment to learning and self-improvement.
